Hello,

Hope you have time for a club letter, between the Christmas shopping, house cleaning and other preparations. Response from the Memorial Journal has been tremendous, we have a new Stanley Brothers album to report on and another to be released soon, we have been able to attend some of Ralph's shows, we had them here for a visit, Norma and I met for our birthdays celebration, John Carter McGinnis was born and has died. From the beginning...

After months of delay the Memorial finally got into the mail. Any up-side-down or missing pages may be blamed on my young sons, they helped assemble each night after Roy came from the hospital. Sonny and Pat Nelson came down and helped one night, Roy and Sonny blamed each other for any mistakes. Anyway, I did my best to direct all operations by phone from my hospital bed. Seriously, the journal seems to have been well received by everyone. Mail came in from all over the world, after Carter's death, it all pretty much said the same things, only in different words, so only a small part of the messages were used. We received a message from the CMA that every member will be proud of I am sure.....Letter in part.

Dear Fay,

This is to acknowledge and thank you for the memorial issue of the STANLEY BROS. INTERNATIONAL FAN CLUB - THE STANLEY STANDARD. I know it took lots of time and work to get this special memorial issue in the mail. It is an extremely valuable piece of literature, however, and we are happy to have it for the library here in the Hall of Fame and Museum.

Mrs. Jo. Walker

Requests have been made by the CMA that the staff of this club is only too happy to comply with in the very near future. We are always happy to cooperate with anyone seriously interested in preserving or promoting our Old Time and Bluegrass music. Some have voiced the opinions that the CMA have in the past made a deliberate effort to overlook the Old Time artists, such as the Stanleys and Bill Monroe, to promote the Modern Nashville sound, for financial reasons. This may or may not have been true in the past, they have at least remembered Carter and ask for some object of Carter's to be placed in the artifacts section of the Museum. As things stand at this time Ralph will make the presentation, at a time and place suitable to both. We will keep you informed. Be sure to visit the Hall of Fame if you are in Nashville and let your interests be known and watch for the day that Carter's name will be added to its rightful place.

Next subject from the journal brought guesses, different opinions, etc. You may recall the space devoted to speculating on the fiddle player for the Blue Sky Boys? Someone had written that it was Curley Parker. Someone else wrote that there was two Curley Parkers! Thanks to Curley Parker, who called me from Russell, Ky. we have the facts. This Curley is the one who teamed up with Pee Wee Lambert after Pee Wee left the Stanleys. This team formed their own band, recorded several sides, two recently released on a German private pressing, they had their own radio programs, parts of which will be used on our Tape Club. Curley says there was TWO Curley Parkers, it was the other one who played for the Blue Sky Boys, however, they both played for the same band at the same time (I forgot to ask what band and when) both played fiddle. This often brought a bit of confusion, according to Curly. The other Parker has passed away and was from North Carolina...Thank you Curley for the call, we will look forward to your NEW records.

While on the subject of fiddle players, Ralph told me that Leslie Keith has recently passed away in 1967. If you will notice the picture of the Stanley Brothers' band in your journal, it shows Carter, Leslie Keith, Pee Wee Lambert and

Ralph. Only Ralph is alive today.

Thanks you's are always in order and I want you all to know about this one! Last week I recieved one of the Stanley Bros. old 78 records, that will probably be my most treasured Christmas gifts. This record had belonged to Pee Wee Lambert, he helped with the vocal as well as the music on both sides, and it was given by his widow, Hazel. Hazel wrote in part,....I'm sending you this record as I promised you. I want you to you to feel welcome to it and accept it in memory of Carter and Pee Wee. It is quite old as you can see, but I know you will take care of it.....HAZEL LAMBERT.....That I will! It has been framed and put in our bookshelves with other such treasures, it will always be treasured. I was green with envey when Norma was given a Stanley 78 recently.

Another thank you, to the tune of \$100.00. This amount arrived from a devoted Stanley Fan and Club member for postage on the last journal. This lady says she gave because she loves the music and the Stanley Brothers have always been her favorites. She ask that no "special" credit be given her, that she WANTED to help her favorite club along. It surely did help, at 30¢ each it mailed a little over half of the journals Kendal M. Smith, Los Angeles. Thank You for the donation and other kindnesses. There are several who have sent 1 and 2 dollar donations also stamp donations, that I have not kept track of, but appreciate greatly.

ROY-HOE/THAT BEAUTIFUL WOMAN, the newest King single by Ralph and the boys has and is, doing so well, both sides. Most of you know this is Ralph's first record release without Carter, and King is extremely pleased. So much so in fact, that they are going to release it again (the vocal side) with Ralph singing tenor to himself. To explain, this cut has Ralph doing a solo, the next version released will have Ralph doing both lead and tenor. There will be NO more of this version pressed. The new Ralph Stanley album is slated for release the first week in Jan. 1968, be sure to watch for this one! The entire band gets to "shine" in this album, Ralph and his double tracks, on the Beautiful Woman, Curly Ray Cline and that "long bow" Old Time Fiddle, Larry and his fine lead vocals and last but not least Melvin Goins, known on stage as Big Wilbur. Melvin wrote on of the songs in this album, "Love Please Stay" and it is lovely. Larry and Ralph do it justice. Our good friend, Wendy Smith wrote another of the songs, called "Sweet Sally Brown", about a small boy in love with his school teacher.

Back to Melvin Goins for a word or two. When you attend a show in the future, ask Melvin to do you a song on the serious side. He always does the comedy thing, the silly songs and well too. If you have not heard Melvin's fine serious lead work, just get the Starday albums out in the 50s, by the Lonesome Pine Fiddlers, with Melvin leading almost all of them and of course Curly Ray Cline playing that beautiful fiddle. These records were released in Canada and I believe in England on Spartan label.

In the record listings we have given details about the new Carter Stanley Memorial album on Rimrock. This label is owned by Wayne Rainy, Wayne in fact, plays some mouth organ in some of the songs contained in this album. If you can't get this record at your local record store (be sure you ask first) you may order it from our Vice President NORMA FANNIN BOX 4753 STATION B, COLUMBUS, OHIO 43202, for \$3.00 post paid. Please make checks payable to NORMA.

Many of you know most of these facts already, but for you who do not here is the "other" side of the happy news. The last weeks of my pregnancy was spent in the hospital due to a kidney poisoning. I have found there was little hope for my survival at that time. Our baby was born Nov. 8th. and expired Nov. 9th. at Riverside Hospital, Trenton, Mich. Private family grave-side services were conducted by Leamon Flatt, minister of the Church of Christ and long time family friend of the baby's parents, Roy and Fay McGinnis. The baby was named in honor of Carter Stanley as had been planned....Heart-break can not be written into words, there is no need to try. We will never have another child, but we already have three and more friends than we had over though. Word seems to spread fast in situations such as this and the phone calls came from all over the country to me at the hospital and Roy at home, flowers arrived at both places and at the funeral home after the funeral and cards are still being recieved. My vocabulary does not permit expression of our gratitude. Thank you all, I failed to say that cerebral hemorrhage was cause of death.

Right out of the hospital and right back into music! Dec. 1, we headed for Mansfield, Ohio, for a Stanley show at a high school, put on by a Club member, Jim Horn. This date was between my birthday and Norma's, so she and Larry met us there. Our Ohio Rep. Betty Campbell and her family came in from Edison Ohio, and we caught up on club talk. This date marked one year that Carter had been dead, and Ralph did a special memorial tribute to Carter with their religious songs. We have this and Ralph's remarks on tape. After the show Ralph and the boys took the instruments into the basement locker room and played Norma and I a birthday concert. Thank you once again, Norma for the lovely watch. Dec. 2, not any of us had much sleep, Ralph played my old wooden banjo for us in the afternoon, we of course attended the evening show here in Mich. with them. Ralph's sister and her family were at this show (from Detroit) and our local bluegrass musicians were faithful to the cause, Curly Dan, Wilma Ann, Carmon Flatt, Willie B, Joe McKinny, Lou and Susie Vick and from out Tape Club Staff, Doug Green and John Morris. John was MC for the evening. Mary David Bill Monroe Fan Club Rep. attended. Wendy Smith went home with us and taped a couple of new songs for Ralph. Next morning the entire pooped gang started to Sandusky, Ohio for a two o'clock afternoon show. The Paynes were on the show, and had written asking Roy and I to attend, Gary Robbinett, promoter had written asking and two of our club members had invited us. Here they played to a FULL house as usual. Here we met so many club members and signed up 11

Frank Overstreet, club member and bluegrass band leader has ask Roy and I to attend the Indianapolis, Ind. Jamboree Jan. 13th, and to be guests in his home. Ralph and the Clinch Mt. Boys will be Stars that night. We will be there Frank, if we are all well. Norman Carlson plans to be at this show and I hope all the other club members and Stanley fans will be there too.

Thank you Sir....Member Lester D. Hall, Ohio, writes that he has a bluegrass band called the Ky. Gentlemen, and the mandolin player has the F-3 that PeeWee Lambert used to have. Mike plays That Beautiful Woman and HocHo daily....Fred Pement, Pa. writes asking about an article on the Lilly Brothers. I would like this very much and hope that someone will respond with an article, information or biograhny material on the Lilly Bros. I have never seen or had any contact with them, I do have two of their albums. I am sure that others will be intrested in reading about the Lillys, because we get mail inquiring about them quite often....Ron Petronko writes that he liked the journal and wished he could have contributed more. Ron sent the page of pictures made at the 65 Bluegrass Festival. That was the only time he saw Carter and Ralph together. Ron is from Montreal, Canada....Herb & Hohono Wolf, American Reps. for Folk Voice, writes that Jeff Schwartz has succeeded Pat Warnick on WKCR-FM radio with the Bluegrass program....oh, this is from Columbia College, New York....Ina Baldwin, Ky. wrote that Uncle Sleepy, WLSI Pikeville, featured the Stanley Brothers Dec. 1, in memory of Carter....We should thank all Ds who did special programs for Carter. From all reports there was many of them over the country that did from 15 minutes to a full hour of only Stanley Brather's records and a few stations paid tribute all day with a record each hour. There was of course some stations who were so busy promoting country-rock and trying to convince the listeners that they like that type music, they had no time to remember Carter or his music....Thanks to Elouise Smith, Ga. and Shirley Dustin, Md. for the stamps....Thanks to Jack Bishop for the picture and newspaper clipping about Ralph and the band. Jack had an ad placed in the Columbus, Ohio daily paper on Dec. 1st, as follows.

STANLEY

In loving memory of CARTER GLEN STANLEY, who passed away one year ago today. "His voice was full of melody, and wonderful to hear."

Although we miss his talent greatly, his memory we hold dear."

Sadly missed by his Fan Club.....Jack Bishop.

....We want it known that Mary Ann Cooper of Ill. and George Swift of Ala. are no longer staff members of this club....We want to WELCOME two new representatives, from Tenn. Bettie Leonard and Donald H. Anthony of New Jersey. I hope no one was overlooked....

....Norman Carlson says we simply must let the call letters and location be known of our Featured DJ (in the last journal). He is Johnny Daume at WCVL Crawfordsville, Ind. I will mention here that Norman wrote the lengthy article, The Fan The Club And The Folk Scholar. He was not given credit in the journal. Norm wrote that he has heard that Ralph and the band were at nearby Peru, Ind. recently, and wondered why no one let him know. Ralph told me that they were there and wondered why Norman did not attend. These things DO happen.

It is always a pleasure to hear from Carl Story, this letter tells about a visit from Ralph recently, among other things. Carl ask for Nick Stutt's address. Nick had gotten Carl's address from our Jan. journal, he was in England at that time, says Carl. Sorry Carl, to be honest I have never heard of this fellow, but I sure would like to hear how he came to read our material and his opinions.Bill Collieran, our club member from Pa., better known as Mac Martin, bluegrass band leader, wrote that he and the boys have appeared on the WWVA Wheeling Jamboree twice in the past few months, Bill also wrote the following..In the journal article there was a discussion as to wheather Curly Parker who played fiddle on most of the Blue Sky Boys records 1946-1949 was the same fellow who played guitar and sang with PeeWee Lambert. I have pictures of the Blue Sky Boys with Curley Parker and a picture of PeeWee and Curley Parker and it appears they are different people. Samuel "Curley" Parker, the fiddler is from Elljay, Ga. Curley Parker the guitarest is from Russell Ky. He joined PeeWee in 1951 and formed a group called the Bluegrass Partners and was playing at station WEL Springfield, Ohio...Bill also said that his band featured Stanley Bros. songs in memory of Carter at their show Dec. 1st.
